Report of Superintendent of Schools

To the School Board and Citizens:

I have the honor to submit for your consideration my first annual report of the condition of the Bartlett Town Schools.

The first full fiscal report to the State, under the new law, was made August 31, 1918.

REPAIRS

Only minor repairs have been made since the last report was published. The Intervale school house should be remodeled, and the wood sheds and toilets repaired. The roof of the school house needs shingling. I have made a plan of what is needed for this house to put it in good shape which I shall be glad to submit to the School Board. About \$250 will be needed for this work. Only minor repairs will be needed on the other houses this year.

TRANSPORTATION

The pupils in the Hill Town school have been conveyed to the Glen school and so far this plan has been approved by the citizens in this district. There is the same transportation to the Bartlett Special District as last year.

ENUMERATION

The number of children between the ages of 5 and 16 as reported to me last September showed 35 girls and 32 boys in the town. This shows a decrease of 3 since last year. The attendance last September was 68, which shows a decrease of 4.

TEACHING FORCE

School	Teacher	Number registered
Glen,	Arthur G. Lord,	31
Intervale	Marguerite Blue, Phoebie Ricker,	19
Falls	Hazel Moody,	8

As you see by the above the Intervale and Falls schools are very small and the pupils in the two schools would be more interested and probably do better work under one teacher. In the Glen school there are four pupils doing high school work.

EFFECTS AND LESSONS OF THE WAR

There has been a great demand for all kinds of workers and many teachers left the work of teaching to enter positions which paid much better salaries. Everything is much higher, board, books, and all other things necessary to run the schools. How long this is to continue no one knows. But it is not economy to curtail the educational privileges of our boys and girls. In the physical conditions, too, it is the part of wisdom, to make them as nearly perfect as possible. Out of the great number of men who were called before the examining boards it was found that one out of every three examined were physically unfit to enter military service, and that a larger proportion of the unfit came from the rural districts. It was also shown that a large part of those who were unfit might have been fit, if proper corrective measures had been taken while they were young. Improper lighting of school houses is given as one of the chief causes of eye trouble. We trust that the boys now in our schools will not have to go out to fight the Hun, but they will be called upon to do the work of our country and we should provide the best equipment within our means to send them out fit for their life work.

Respectfully submitted

L. M. FELCH

Bartlett Special District

TO THE INHABITANTS OF BARTLETT SPECIAL DISTRICT:

In compliance with the usual custom, we submit the following report of the schools for the year ending February 1, 1919. The report of the Treasurer is for the fiscal year ending August 31, 1918. In our report, we have included the report of the Superintendent of Schools, and recommendations for your consideration at the annual meeting.

Superintendent's Report

TO THE SCHOOL BOARD AND CITIZENS:

I have the pleasure to submit for your consideration my first report of the Schools of Bartlett Special District. In compliance with the law, a full report was made to the State at the close of the fiscal year August 31, 1918, and that report is also included here.

UNUSUAL CONDITIONS

As this report is a part of the history of this District, it is

necessary to report the effects of the Great War, as it has made unusual demands upon us. Mr. Josiah Kelly was drafted to do clerical work for the Government. The first teacher, Miss Cole, whom we secured to take his place, died after only two weeks' service, and Mrs. Marion Stoddard has filled the position since her death. The war has increased the cost of everything, salaries, board, books and paper, and we cannot look for lower prices for sometime. But it should not be necessary, it seems to me, to pay \$10.50 a week for board, as teachers have been obliged to do here at Bartlett. As the teachers were hired with the understanding that they would pay normal prices, and this extra price could not be passed on to them, the District has had to make good the differences between this and a reasonable price.

The Influenza has broken in upon the school work.

The music and drawing had to be neglected for a time as the teacher engaged was obliged to resign. But we are fortunate in securing the services of Mrs. Ina Lord and we trust that this important work will go on with success.

REPAIRS

The heating apparatus is old, and unsatisfactory. Although this has been an unusual winter, there have been many days when it was not only uncomfortable, but unsafe for pupils and teachers to attempt to work in the rooms. A new heating plant should be installed and I recommend that a steam plant be put in during the summer vacation. This will be expensive, as everything in that line is high. But when the health of your children is considered you should not hesitate to raise enough money to make your schoolrooms safe and comfortable.

There should be a small sum voted for the medical inspection of the pupils. Out of every three men examined for military duty, one was found to be unfit. The report of the examining officers shows that most of those who were rejected as unfit for service, might have been fit if proper corrective

measures had been taken when they were young. Is it not economy to provide for corrective measures, so that your children shall grow up with strong^d bodies, capable of doing effective work in the world?

ATTENDANCE

The attendance has been as high as can be expected under the circumstances.

School	Teacher	No. registered
Primary	Mabel J. Goding	39
Intermediate	J. A. Welch	35
Grammar	Marion R. Stoddard	31

I wish to thank the Board of Education, teachers, and citizens for your hearty cooperation during the past year. I trust that we may not have quite so many difficulties during the year that is before us.

Respectfully submitted,

L. M. FELCH,
Superintendent of Schools.

North Conway, N. H.
